EXAMINER'S REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: None of the prior art of record discloses a lithographic apparatus, positioning system and a device manufacturing method comprising first and second optical elements wherein the optical elements include a rigid extension carrying a beam directing element for the interferometer beam in combination with the rest of the limitations in claims 1, 10 or 11. Japanese office action also indicates that the references do not teach a rigid extension carrying a beam directing element for the interferometer beam.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Peter B. Kim whose telephone number is (571) 272-2120. The examiner can normally be reached on 8:00 AM - 5:30 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Diane Lee can be reached on (571) 272-2399. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
